

B8106BKL Executive Leather Budget Chair

This executive leather budget chair lends an air of sophistication at an economic price point. It features elegant black Leather Plus upholstery. Leather Plus is a combination of leather and polyurethane that provides extra comfort and durability.

In addition to passive ergonomic seating with integrated lumbar support, it features durable polypropylene arms, a pneumatic gas lift seat height adjustment, and adjustable tilt tension control. All of this sits atop a large 27-inch nylon base that keeps everything sturdy.

MAS GREEN CERTIFIED: Designed and manufactured to reduce chemical emissions to the indoor environment.

Fabric, mesh and molded foam are certified by the fire-retardant standard of CA TB117-2013.
