

B8306BK Mid Back Ergonomic Fabric Chair

Our deluxe posture chair is perfect for anyone who requires an ergonomic design coupled with integrated lumbar support. It features a distinctly classic appearance and can be personalized to the user's taste thanks to its adjustable height arms, pneumatic gas lift seat height adjustment, and adjustable back depth. There's also a built-in tilt tension that provides precise control over weight distribution, as well as an upright locking position.

MAS GREEN CERTIFIED

Designed and manufactured to reduce chemical emissions to the indoor environment.

Fabric, mesh and molded foam are certified by the fire-retardant standard of CA TB117-2013.
