

PM9528BKL: Guest Chair with Mesh Back and Vinyl Seat

PM9528BK from PM Furniture features a stackable mesh back with antibacterial vinyl seat side chair. The upholstered seat and sleek frame modernize any office, lobby, or reception space.

These stackable chairs include PP armrests, molded foam seats, and nylon mesh backrests. Minimize storage footprint by stacking these guest chairs up to four high.

- Molded foam seat with smooth-stack design
- Ergonomic mesh backrest allows air circulation
- Powder-coated metal base
- Durable nylon armrests
- Stacks 5 units high with casters

Guest chair with mesh back and upholstered seat. Designed for comfort and convenient storage. Suitable for meetings, offices, or training rooms.
