

PMTLJD407GY: Grey Powder Coated Aluminum Table Base

- This Table Base is constructed from grey powder coated aluminum frame.
- It is manufactured for commercial use in high traffic areas.
- Made for indoor and outdoor use, this is an excellent choice for your home or your business.
- Used at restaurants, resorts, hotels, weddings, and more.
- Specifically designed for indoor or outdoor hospitality and food service use. Heavy duty powder coated aluminum construction for weather resistance and structural integrity. Four adjustable leg levelers balance table on uneven surfaces.
- Works with many sizes of rectangular tops.
- All our bases are for table and bar heights.
- Table: 27 1/4" H
- Bar: 42" H
